

**Port of Hueneme
2012 Drayage Truck Compliance Schedule**

Exempt Trucks

Trucks directly associated with **offshore oil** operations, **automobile transport**, and **fuel delivery** are exempt and should apply for a California Air Resource Board (CARB) Exempt Sticker.

CARB Exempt Truck Sticker Applications can be found at
<http://www.arb.ca.gov/msprog/onroad/porttruck/DTRExemption.pdf>

Trucks directly associated with **commercial fishing operations** are not subject to the regulation. Because these trucks can also be used to haul other cargo they are not eligible for a CARB exempt sticker.

Trucks associated with all other operations at the Port should verify their exemption status with CARB by visiting
<http://www.arb.ca.gov/msprog/onroad/porttruck/porttruck.htm>

Non Exempt Trucks

Truck Engine Year	Compliant	*Non Compliant
2010 – 2005	Register with CARB www.portofhueneme.org/cleantrucks Request a Sticker!
